

**PROCEEDINGS OF THE PUBLIC HEARING OF M/S PRADHAN INDUSTRIES FOR BAINIBASA GRAPHITE MINING AND BENEFICIATION PROJECT FOR GRAPHITE ROM MINING OF 13272TPA AND ITS BENEFICIATION TO PRODUCE 841TPA CONCENTRATE OVER AN AREA OF 58.704HA HELD ON 28.11.2017 AT 11.00 AM AT VILLAGE -BAINIBASA, BHAIRABAGADA GRAMPANCHAYAT TAHASIL- MUNIGUDA, DIST RAYAGADA**

The public hearing in respect of the above project was held on 28.11.2017 as per the schedule and at the venue in accordance with the EIA Notification S. O. 1533 (E) dt. 14.09.2006. The public hearing with regard to date, place and time was announced in Public Address System in nearby villages of proposed project site and also published in Local Dailies. The process followed for public hearing was adequate.

At the outset, Er. P Kar, Regional Officer, State Pollution Control Board, Rayagada welcomed the public to the hearing and briefed about the objectives, process & procedures followed for conducting such public hearing.

Shri Birendra Korkora OAS(S) ADM, Rayagada presided over and supervised the public hearing. He briefed about the importance and objectives of such hearing and invited the project proponent to highlight on proposed project.

Er. Ashok Mishra, Consultant (Mining Advisor) of M/s Pradhan Industries, Bainibasa, Muniguda, Rayagada has explained about the proposed project and briefed about the Pollution Control measures to be adopted in the Project.

The following is the summary of the public hearing proceedings, reflecting all the views and concerns expressed by the assembled public at the venue. It was recorded by the officials of the Regional Office, State Pollution Control Board, Odisha, Rayagada.

**1. Sri Radhamohan Dalapati, Bhairabagada**

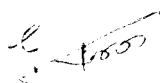

Sri Dalapati expressed his pleasure for this Public Hearing. He informed that they have experience of Graphite Plant since earlier another plant was operating in their locality. Further he informed that there are about 500 nos. of houses existing in Bhairabagada GP and they all depend on River Sakata for their day to day life. He apprehended that River Sakata water may be polluted due to the Project & expressed his concern regarding the use of Sakata River water for agriculture purpose. He emphasised on prevention of river water pollution by the project. He hoped that the local experienced skilled & unskilled people will be employed on priority basis in the project. He requested the project proponent for development of local schools, roads within 10 km radius and support for local cultural programmes. He supported the formation of committee as proposed by the project for local development and stressed on the protection of river water from contamination and adequate plantation.

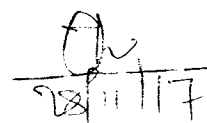

**2. Sri Anil Kumar Kuanra, Bhairabagada**

Sri Kuanra expressed that the project will help to reduce the unemployment problem in the locality and urged that the water environment should be protected. He welcomed the project.

**3. Sri Ramachandra Gauda, Sarapancha, Kumudabali, Bhairabagada**

Sri Gauda told that they have the experience about such project and expressed his concerned over the water scarcity in the locality during dry season. He urged for provision of alternative water sources for the Rabi crops. He suggested for filling of the mined out area followed by plantation for a better environment. He demanded for construction of roads in their Panchayat and suggested for pumping the water from River Vanshadahara to River Sakata to meet their water requirement during dry season.

4. **Sri Sikaka Ramchadra, Ex Sarapancha Bhairabagarh GP, Bainibasa**

Sri Sikkaka expressed his concerned over the road problem in the locality and informed that Muniguda is 1km away from Bainibasa through river Sakata but no road connection is there. He hoped that the project will provide employment and make improvement of the locality. Also he urged that no effluent should be discharged to the river by the project for protection of river water.

5. **Sri Dhanurjaya Jakesika, Nuagaon**

He hoped that they will get employment in the project and it will help to avoid migration of local people to Kerala & Bombay for the job.

6. **Sri Bhakta Charan Sahu, Bhairabagada**

Sri Sahu expressed that earlier they got jobs in similar project at Padmapur but after close down of the project they became unemployed, so this project will provide employment opportunities. Further, he expressed that proper care should be taken to prevent the river water pollution and this project will be beneficial for them.

7. **Sri Ramachandra Behera, Muniguda Zilla Parishada Member, Muniguda**

Sri Behera hoped that this project will bring new opportunity for them and emphasised on plantation and protection of river water from pollution. He highlighted on the problem of drinking water and poor road connectivity in their locality. He drew attention of project proponent and District Administration regarding water scarcity problem for the farmers. He expected that the company will cooperate to solve their drinking water problem and water requirement for agriculture purposes and overall improvement in there locality. Further, he hoped that the project will provide enough employment opportunities for the locals and to avoid migrations for the job. He requested the project proponent to come up with a healthy and good environment.

8. **Sri Paramnanda Gantayat, Bhairabagada**

Sri Gantayat urged that the river water will not be affected by the project and hope that project will provide employment and all will be benefited. He suggested for formation of a committee for the developmental work of the locality and seek support for local cultural activities.

9. **Smt. Jamuna Sikaka, Bainibasa**

Smt. Sikaka described about the poverty of the locality and lack of proper education facilities. She hoped that the local people will jointly work in the project to meet their needs.

10. **Sri Sanyashi Naik, Ex Samiti Sabhya, Bhairabagada**

He congratulated the project proponent and welcomed the proposal to establish the mines in Bhairabagada Grampanchayat which has a historical importance. He expressed his satisfaction for the coming up of mining project as it will provide employment to the locals and stop migrations to Kerala and Tamilnadu. Finally, he urged for proper labour payment and to extend support for agriculture by the project proponent.

11. **Smt. Jamuna Majhi, Samiti Sabhya, Bhairabagada**

Smt. Majhi emphasized on mutual cooperation for setting up of the project.

12. **Sri Bhubani Pusika, Bhairabagada**

He expressed his happiness for the mining project and hope that they will get employment and it will reduce the migration of the local people to Kerala & Eombay for the job. He demanded for the development of local roads by the project proponent.

**13. Sri Jalandhara Sikaka, President Jangala Surakshya Committee, Bainibasa**

Sri Sikaka described the local problems like poor road communication, lack of education facilities, and school building, lack of proper health facilities for pregnant ladies. He informed that most of them are daily labours and migrating to Kerala and Bombay for job. He strongly supported the project as it will provide jobs to the villagers and their children can get better education and other facilities.

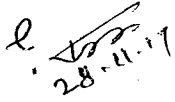

**14. Sri Digamber Sikaka, Sarapancha, Bhairabagada**

Sri Sikaka stressed upon the clean environment for betterment of the locality. He informed that most of the peoples of Bhairabagada Panchayat are labours and they will be benefited by getting job in the project.

The Regional Officer, SPCB, Rayagada read over the issues raised by the public in the hearing and Er. Ashok Mishra, Consultant (Mining Advisor) of M/s Pradhan Industries, Bainibasa, Muniguda responded to the issues raised.

The issues raised by the public and corresponding comments of the applicant were prepared in Odia and English and it is annexed with the proceedings as Annexure-I & II respectively, list of the participants and oral deliberators in the hearing is annexed as Annexure-III & IV respectively. One written representation received during public hearing is annexed as Annexure-V. The videography of proceedings are recorded and submitted as DVD (I).

Hearing ended with thanks to the chair.

## ANNEXURE - II

**STATEMENT OF ISSUES RAISED BY THE PUBLIC DURING PUBLIC HEARING OF M/S PRADHAN INDUSTRIES FOR BAINIBASA GRAPHITE MINING AND BENEFICIATION PROJECT FOR GRAPHITE ROM MINING OF 13272TPA AND ITS BENEFICIATION TO PRODUCE 841 TPA CONCENTRATE OVER AN AREA OF 58.704 HA HELD ON 28.11.2017 AT 11.00 AM AT VILLAGE BAINIBASA, BHAIRABAGADA GRAMPANCHAYAT TAHSIL-MUNIGUDA DIST RAYAGADA AND RESPONSE OF THE PROJECT PROPONENT.**

Issues raised by the Public in Hearing	Response of the Project Proponent
<b>Environmental Issues</b>	
1. Prevention of Sakata River water Pollution due to discharges from the project	<p>We have already detailed in the draft EIA/EMP report that, we will operate the mine and plant on zero discharge basis. That means, process water will not be allowed to go outside the M.L. During rainy season, rain water from the mining lease area shall be channelized to Rainwater Harvesting Pond, from where water will be reused for plant and mines.</p> <p>Hence, there is no scope of pollution of Sakata Nala water. Moreover we shall take all required steps to monitor the quality of water quarterly and will maintain all norms and standards as prescribed by State Pollution Control Board, Odisha.</p>
2. Reclamation of mines pit by backfilling followed by plantation	<p>As per MMDR Act and Rules every mine, before abandonment shall have to prepare "Mine Closure Plan", which needs to be approved by IBM and steps shall be taken for necessary reclamation of Mine Pit before abandonment.</p> <p>We have proposed the same in our mining plan and IBM has approved the same.</p>
3. Plantation programme in the surrounding areas of the project	<p>Pradhan Industries shall be taking up plantation work on yearly basis and also we will provide saplings to villagers for plantation in the free zone of village (Near School, Club). About 15000 saplings will be planted in over 6 Hects in the safety zone of ML and Safety Zone of Sakata nala area. Besides, more than 20 Hects have been planned for on towards the conceptual period.</p> <p>In addition to this, Pradhan Industries have provided 34.760Hects of land in Muniguda Tahasil to forest department and we shall pay Rs.91,78,600.00 approxly. towards afforestation cost to DFO, Rayagada.</p>
<b>Peripheral Development</b>	
1. Development of local schools	Pradhan Industries have proposed to spend 1.08 Lakhs towards developments of Schools in village Bainibasa and Bhairabgarh, which is to be spent.
2. Development of Roads within 10Km radius of the project	Three major revenue villages are in and around the M. L. area i.e. Village Bainibasa, Village Bhairabgarh and Village Nuagaon. Village Bhairabgarh and Nuagaon are connected with motorable road. As we understand from the RD Department of Government of Odisha, they are constructing a road joining State High way to village Nuagaon. Hence Bainibasa village needs to be connected to RD road and should be maintained. We commit that we will take up the job within the first Mining Scheme Period, after the mines starts.

3. Employment of local peoples on priority basis in the project	Pradhan Industries will give priority to local peoples in the employment of unskilled and semi skilled workman category.
4. Support for local cultural programmes	Pradhan Industries shall be spending Rs 1.5 lakh in the first 5 Year plan period for local cultural programmes. This has been detailed in the EIA/EMP report.
5. Pumping of water from River Vanshadhara to support Rabi crops during dry season in Bhairabgada Panchayat.	<p>Pradhan Industries states the following on the matter ;</p> <p>Permission is required from Water Resources Department, Government of Odisha for lifting water from Banshadhara River to nearby villages for agriculture use. Moreover, since Banshadhara is in downstream and about 8 Km from the mines site, it may not be feasible to bring water from Vanshadhara river for irrigation in the Bhairabgarh Panchayat. We also understand that, in order to provide water from local agricultural consumption, Govt. of Odisha has constructed one MI project and LI points in the neighboring villages situated at the upstream of Sakata Nala and providing water for irrigation to villages i.e. Vairabgarh, Nuagaon, &amp; Bainibasa. In view of the above, we are of the opinion that, pumping of water from Banshadhara to River Sakata to support Rabi Crop during dry season in Bhairabgarh Panchayat, is not feasible.</p> <p>Moreover, ours being a SME project it will not be economically feasible on our part to undertake such a huge project.</p>

*The representatives of the project proponent informed that, they will spend Rs. 10,00,000.00 (Ten Lakhs) Approx. under EAC and equal amount under CSR Activity within 5 years from the starting of the mine and the expenses will be towards improvement in education sanitation, health of villagers. In addition, villagers will be trained in mobile repairing Pisciculture and Mushroom Cultivation for economic sustenance of villagers and the beneficiaries shall attend self sufficiency. The CSR expenses will be done as determined by a committee comprising representatives from Government, from villagers and Project Proponent.*

## NOTICE

It is brought to the notice of all concerned that M/s Pradhan Industries., has proposed to have Environmental Assessment for Bainibasa graphite Mining & Beneficiation Project for graphite ROM mining of 13272 TPA and its beneficiation to produce 841 TPA concentrate over an area of 58.704 Ha. At village Bainibasa, Tahsil Muniguda, Po: Bhairabagada in Rayagada district to obtain Environmental Clearance from the Ministry of Environment, Forests & Climate Change, Government of India. The proponent has applied to the State Pollution Control Board, Odisha, Bhubaneswar for a Public Hearing.

By virtue of Ministry of Environment, Forests & Climate Change, Government of India Notification No. S.O. 1533 (E) Dated. 14.09.2006, the Board has been authorized to conduct environmental public hearing and as such invites suggestions, views, comments and objections on matters relating to environmental aspects of the proposed project from all the persons including bonafide residents, environmental groups and others located at the proposed site / sites of displacement / sites likely to be affected.

For the above purpose, a person will only mean:

- A. Any person who is likely to be affected by the grant of Environmental Clearance.
- B. Any person who owns his control over the project with respect to which an application has been submitted for environmental clearance.
- C. Any association of persons whether incorporated or likely to be affected by the project and / or functioning in the field of environment.
- D. Any local authority within any part of whose local limits is within the neighborhood, wherein the project is proposed to be located.

Persons as above who desire to submit their views, comments, objections etc. relevant to the project, may do so in writing within 30 days from the date of publication of this notice addressing the same to the Member Secretary, State Pollution Control Board, Odisha through Registered Post. Besides this, persons interested to submit their views relevant to the proposed project in writing or orally may also do so during the public hearing to be conducted on 28-11-2017 at 11-00 AM At Bainibasa Gram Panchayat under Muniguda Block & Tahsil, Rayagada.

Persons desirous of participating in the public hearing may go through the Environmental Impact Assessment (EIA) / Environmental Management Plan (EMP) of the said project which will be available at the following offices. Copy of the Executive Summary both in English & Odia is also available in the following offices & the same can also be downloaded from the website [www.ospcbboard.org](http://www.ospcbboard.org) free of cost.

1. District Collector's Office, Rayagada.
2. District Industries Center, Rayagada.
3. In the office of the Chief Executive Officer, Zilla Parishad, Rayagada.
4. In the Head office of the State Pollution Control Board, Odisha, Parivesh Bhawan, A/118, Nilakanthanagar, Unit - VIII, Bhubaneswar -12.
5. Regional Office, State Pollution Control Board, Odisha, Rayagada.
6. Department of Forest & Environment (Environment), Govt. of Odisha, Bhubaneswar

For any further clarification in the matter, the Regional Officer, State Pollution Control Board, Rayagada, or the Member Secretary, State Pollution Control Board, Odisha at Bhubaneswar may be contacted.
