

## What we are not responsible for

We do not cover all areas of environmental law and services to the public. The table below shows some major issues that we may help out on, but where responsibility lies with another organisation.

### Services or Issues for which we are not responsible for:

<b>Service or Issue</b>	<b>Concerned Agency</b>
Government policy and legislation affecting the environment	Ministry of Environment and forest, Government of India Department of Forest and Environment, Government of Orissa
Flooding from drains, sewers, streams or ditches	Local Body
Litter (except when related to illegal waste dumping, although local body may still have the main responsibility)	
Dog nuisance	
Pest control	
Road instructions	
Collecting waste	
Environmental health and food hygiene	Department of Transport
Vehicular Pollution	Sometimes we will have the lead role. We will guide to concerned agencies/organisations on a case to case basis
Contaminated land	Local body
Quality or supply of drinking water	Forest Department
Conservation of forest, afforestation	The appropriate national park authority
National parks	Police department and Local Body
Nuisance due to Noise, smoke, smell problems (except when they relate to a site we regulate, although local body may still have the main responsibility)	Department of Mines and Geology
Illegal quarrying of minerals
