STATE POLLUTION CONTROL BOARD, ODISHA

[DEPARTMENT OF FOREST & ENVIRONMENT, GOVERNMENT OF ODISHA]

Paribesh Bhawan, A/118, Nilakantha Nagar, Unit – VIII

Bhubaneswar – 751 012, INDIA

No. 8091 /

IND-IV-HW-(Misc)64

Dt 13-08-2019 /

OFFICE ORDER

In pursuance of decision taken in 119th Board meeting held on 29.06.2019 the following policy shall be adopted for Regulating Consent to Establish and Authorization of Hazardous Waste Recycling Industries/ Actual Users as follows;

- 1) Priority shall be given to the actual user units established inside the state of Odisha for utilization of Hazardous Waste to have control over proper utilization, disposal and management of Hazardous Waste.
- 2) The Board may allow establishment / authorization of actual users / recyclers of Hazardous Waste (HW) inside the state up to a capacity 200% of generation of HW per annum and in case the hazardous waste cannot be utilized by the actual users inside the state or there is no such actual user operating in the state, the Board can authorize actual users of the other states for collection and interstate transportation of balance quantity of the HW to avoid accumulation of hazardous waste at the site of the Generator.
- 3) In case a single actual user unit is operating inside the state for recycling of a particular Hazardous Waste, the 2nd unit can be allowed to establish and operate to avoid monopoly, develop competitiveness and to ensure continuous utilization of hazardous waste even in case of breakdown of one of these units. The 2nd unit can come up in another district, but close to the mother unit.
- 4) The technologies adopted for reuses, recycling, recovery, pre-processing, utilization and co-processing of Spent Pot Lining (SPL) of Aluminium Smelters should be vetted through a National Level Govt. Research Institutions like Jawaharlal Nehru Aluminium Research Development and Design Centre (JNARDDC)/ Institute of Minerals and Materials Technology (IMMT)/ National Environmental Engineering Research Institute (NEERI) to ensure authentic utilization of SPL in an environmentally sound manner, since SPL contains Cyanide and Fluoride and Toxic in nature. The Technology is required to be also approved by CPCB having SoP.

This order will be given immediate effect from the date of issue of this order.
